# TOMÁŠ LAJDA

## ABOUT ME

<u>Aspiring Software Developer</u> | <u>Web Developer</u> | <u>Software Engineering Student at Brno University of Technology</u> | <u>Second Year</u>

### About Me
Software Engineering student at Brno University of Technology with a passion for low-level programming, robotics, and IoT. I enjoy building efficient systems and exploring both software and hardware development. I also work with React and TypeScript to create web applications. Check out my latest work on <u>GitHub</u> or visit <u>my website</u> for more details.

### Skills
Proficient in React, TypeScript, and C/C++ programming. Check out my projects on <u>my personal website</u>!

### Let's Connect
I'm looking forward to chat with fellow developers and tech enthusiasts. Feel free to reach out for discussions or collaboration opportunities.

## EXPERIENCE

<u>Game developer | Inlogic Software (7 months)</u>
- Developed and tested games using JavaScript
- Collaborated with a team to design and implement game mechanics
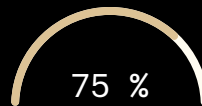

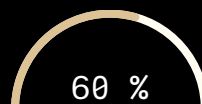

## SKILLS

| 90% | Learning new skils |
| 90 % | Teamwork |
| 80 % | Programming |
| 80 % | C/C++ |
| 75 % | Web development |
| 60 % | Linux |

## EDUCATION

Bachelor Degree (2023 - 2026)
VUT FIT Brno
Taltech Tallinn (exchange)
